Synopsis :

Review 'Overall this is a very satisfactory and well-written manual and will be welcomed by practitioners and academics who work in the field of intellectual disabilities.' Psychiatric Services'DM-ID is a long-awaited achievement. It is both comprehensive and detailed.' Journal of Autism and Developmental Disabilities'The best expertise available on the subject of mental illness in persons with ID. As such, it fills an important gap in the clinical literature.' PsychCritiques'An invaluable resource for any person working with individuals with intellectual disabilities . . . a must-have.' AAIDD Student and Young Professionals Newsletter Read more About the Author Robert Fletcher, DSW, is the CEO of the National Association for the Dually Diagnosed. He lives in Kingston, New York. Earl Loschen, MD, is a professor emeritus of psychiatry at the Southern Illinois University School of Medicine in Springfield, Illinois. Chrissoula Stavrakaki, MD, PhD, is a professor of psychiatry at the University of Ottawa in Ontario. Michael First, MD, is a professor of clinical psychiatry at Columbia University in New York.
